

Oil fired hot water

Epps oil fired models are CSA certified. Auto on/off timer, stainless steel coil skin and adjustable temperature control are standard features on all models except the 1214.

Foamed filled wheels are standard on all models.

Baldor motors and oversized pumps

Model	PSI	Flow	Motor voltage	Pump and drive type	Burner Btu's	ASD/Timer
1214	1400	2.0	2HP/115V/1PH	TT9061 Direct-drive	172,000	No
1225	2500	3.0	5HP/230V/1PH	TT2530 Direct-drive	300,000	YES
1230-3	3000	3.0	5HP/3PH	W953 Direct-Drive	300,000	YES
1230	3000	3.0	6HP/230V/1PH	W953 Direct-Drive	300,000	YES
1234	3000	4.0	7.5HP/230V/1PH	FW4030 Direct-Drive	300,000	YES
2000E6	2500	3.5	6HP/230V/1PH	TS1511 Belt drive	315,000	YES
3000	3000	4.0	7.5HP/1/PH	TS1511 Belt drive	315,000	YES
3000/3	3000	4.0	7.5HP/3/PH	TS1511 Belt drive	315,000	YES
3005			110V Heater	Portable	315,000	N/A
3005SQ			110V Heater	Stationary	315,000	N/A

Options

07008D	208V 3 PH
07008G	230V 3 PH
07008	380V 50 Hz
07106	Stainless Steel Hood 2000E6
07109	Stainless steel Hood 3000
07107	Stainless Steel base
07032	Remote Box-pump, burner soap solenoid indicator lights in water tight box (with high-pressure soap)
07031	Remote Box pump, burner indicator lights in water tight box
07011	High pressure soap
07002	Steam option
07007	ASD-flow activated instead pressure activated-beneficial on pipelines
4413	100' Heavy duty hot water hose reel
